

July 15, 1988

Mr. Paul Hanson
General Superintendent
Public Works
315 Stewart Avenue
Addison, Illinois 60101

Dear Mr. Hanson:

I am writing in regards to our telephone conversation on Thursday, July 14. As I mentioned, I work for an Environmental Consulting firm contracted by the United States Environmental Protection Agency and am presently trying to collect data on municipal water supplies throughout the Mount Prospect and Prospect Heights areas. This information will be used to update our files, and your cooperation is greatly appreciated.

If you could provide me with a Mount prospect and Prospect Heights water distribution map including well locations, it would be very helpful. Also, it would be a great assistance to have the municipal well logs and the population served by each system. Any additional information concerning mixing/blending of water and standby wells would supplement our files. Please send us a bill for expenses incurred for copying and mailing these to us.

Thank you again for your assistance, and please contact me should you have further questions.

Sincerely,

Andrea L. Davis
